Hearths & Surrounds

plusTumbled

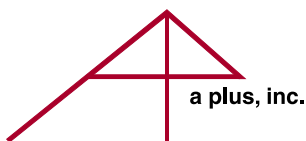

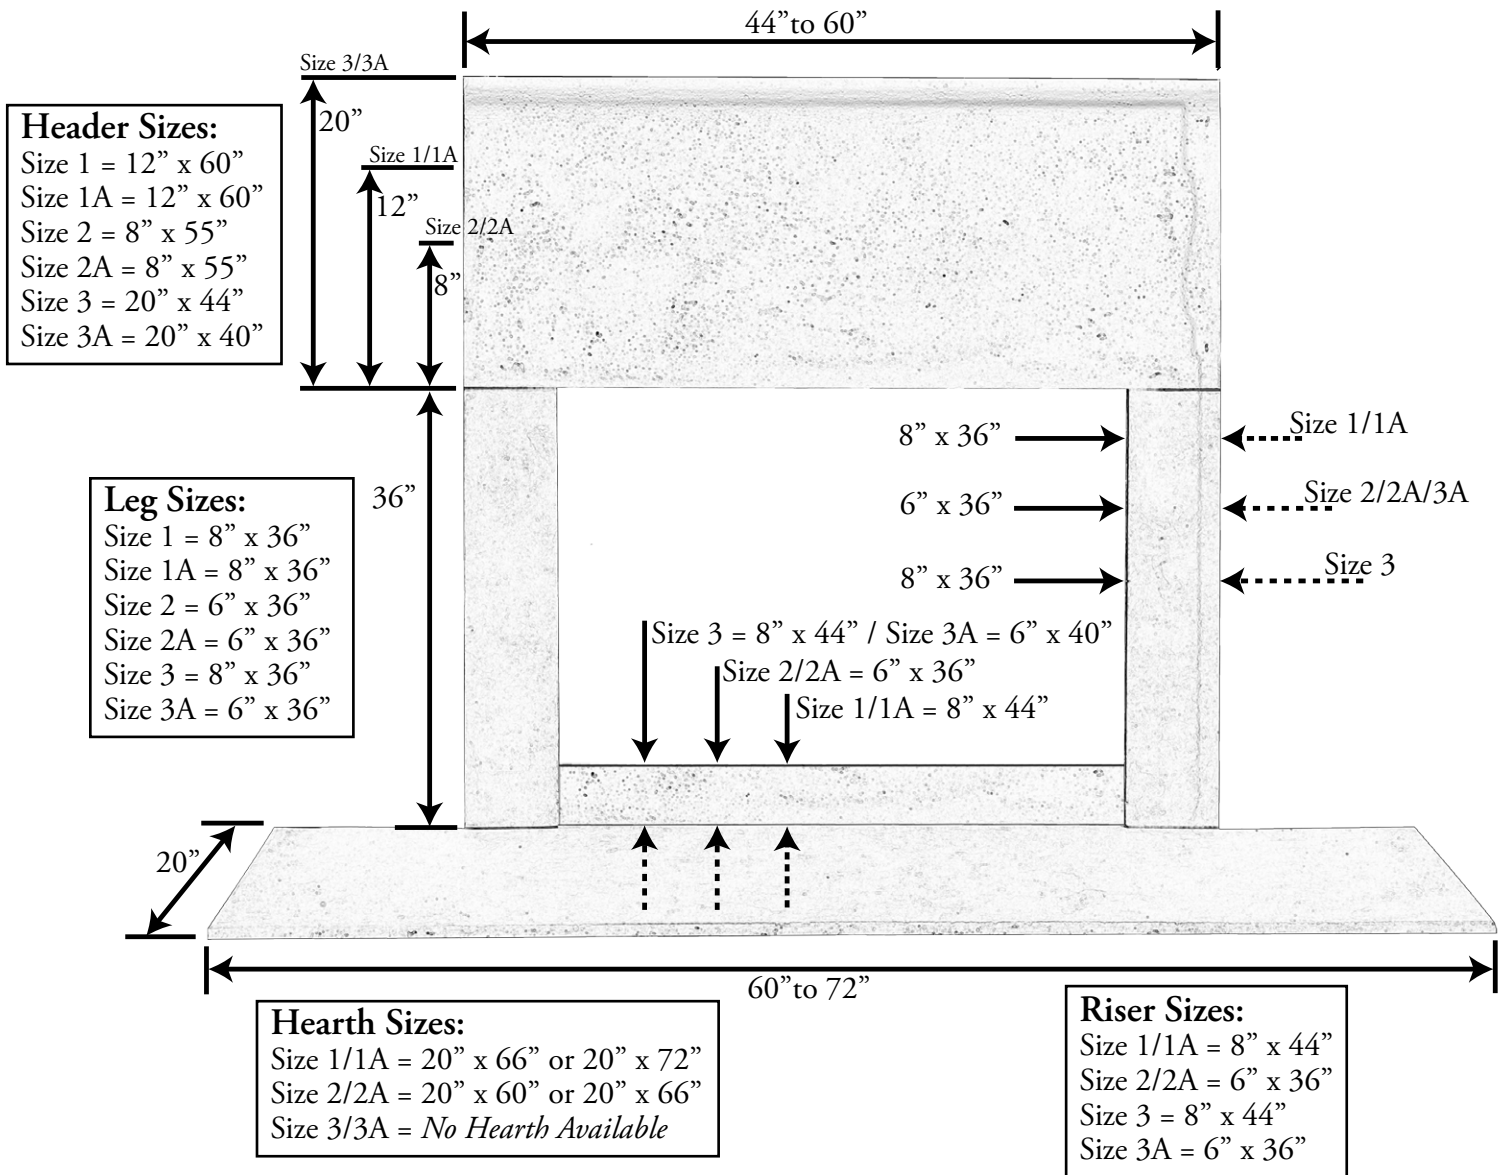

plusSandstone

a plus, inc. offers *plusTumbled* and *plusSandstone* Hearths and Surrounds in three sizes that allow you to complete the finish of your fireplace design in a warm yet durable material that is more economical than either Marble or Granite.

plusSandstone and *plusTumbled* are made from a mixture of gypsum, marble dust, sand, pigment, and fiberglass. *plusSandstone* has the look of limestone but not the weight while *plusTumbled* is much darker with the look of volcanic rock.

Both are available in four sizes (1, 1A, 2, 2A) that include a hearth as part of the package while sizes 3 and 3A do not include a hearth.
